The City Council of the City of El Paso de Robles does ordain, as follows:

Section 1: The purpose of this ordinance is to establish conditions of equality as to properties not assessed in special assessment proceedings conducted by the City of El Paso de Robles for the purpose of constructing water mains and facilities to serve properties specially assessed for the costs of such mains and facilities when such non-assessed properties are permitted to connect to such water mains and facilities.

Section 2: It shall be unlawful for any person to connect, or cause to be connected, to any water main or facility constructed pursuant to special assessment proceedings, for which the property to be connected was not assessed in said proceedings until a connection charge in an amount computed in the manner hereafter provided has been paid to the City for the privilege of so connecting to such water main and/or facility.

Section 3: The connection charge herein provided shall be computed by the City Engineer based upon the share of the cost of original installation of said water main or facility which would have been assessed in said proceedings using the same formula as was used for making the assessments in the original proceeding.
